

Linda O'Neill

Web Developer

Results-driven web developer with a background in graphic design and sales. Outgoing and team oriented with an outstanding work ethic.

PROJECTS

Jim's Bridge

2019

GITHUB - VIEW SITE

A static website designed and built for Jim's Bridge, a non-profit foundation (site launch currently on hold pending Board of Directors approval).

WiseGui

2018

GITHUB - VIEW SITE

An open-source online encyclopedia built with Ruby on Rails. This application features multiple user tiers with paid upgrade available via Stripe. Users are able to post, edit, and collaborate on posts with multiple other users. Premium users are able to create and view private posts. (Project built as part of Bloc's Web Developer Track)

Markit

2018

GITHUB - VIEW SITE

An application built with Ruby on Rails. Users are able to bookmark their favorite websites, share their bookmarks with other users, and create a personalized list of "liked" bookmarks posted by other users. Site preview thumbnail images are shown for each saved website. (Project built as part of Bloc's Web Developer Track)
